CHURCHILL TOWN & TUNDRA EXPERIENCE

The Churchill Town and Tundra Experience (Enthusiast Level) adventure offers a program combining polar bear viewing and activities in and around the town of Churchill. This tour is designed for those who want to learn about the history and culture of the Churchill region as well as experience the magnificent Lord of the Arctic - Manitoba's polar bears.

Located on Hudson Bay, Churchill is a small northern community in Manitoba with an unforgettable personality. In October each year polar bears flock here waiting for the waters to freeze so they can continue to hunt. Staying in town will allow you to explore, spend some time on your own, and perhaps meet some of the locals.

The Enthusiast program itineraries include other activities such as a town and area tour, entrance to the Eskimo Museum and Parks Canada facility and a private slide presentation with the choice of either dog sledding or a cultural-arts program. Churchill is also one of the prime locations in the world to view the magnificent Northern Lights.

Enthusiast guests choose between hotel or Tundra Buggy Lodge-based programs. The Lodge-based programs include hotel accommodation for one night in Churchill allowing time to take part in additional activities. The Tundra Buggy tours will take you over a system of established trails, stopping at leisure to enjoy the scenery, search for wildlife, and take photos. When daylight begins to fade, we'll head back to Launch and be transferred back to your accommodation.
