

AIR CANADA BAGGAGE POLICY

Air Canada have introduced a new baggage policy. All Air Canada guests are permitted 2 checked pieces of luggage. In order for Guests to count 1 pair of skis and 1 pair of boots as one, of those two checked pieces, you MUST register your details with Air Canada. This allows Air Canada to accommodate for the extra weight and space that sporting equipment brings to the aircraft. If you or your agent do not register your extra luggage the passengers will pay a \$225 CAD excess baggage fee when checking in at the airport. Policy effective, for all travel from 7 January 2008.
